

Rotary Club of Plainfield-North Plainfield

Track and Field

A Community Service and Youth Service Project Since 1923

The Track and Field Meet began as a high school competition and was changed many years ago to an event for middle-school athletes. It draws 250 to 350 participants each year from Plainfield-area schools. Medals and ribbons are awarded to the 1st, 2nd and 3rd place finishers in each event. Club members and their friends are trained to officiate by a local school coach.
